re: KOSRAN KEYPADS :

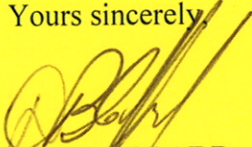

We have been fitting Kosran keypads since 2006; we now have around 160 machines fitted and to date have not had a machine stolen which has a keypad fitted.

We have had one of our depots broken into but they failed to steal any machines which had Kosran fitted. Of all the security devices we have tried; Kosran have proved to be the most efficient and effective.

We have Kosran fitted to our excavators, dumpers, cranes, telehandlers, pavers, cherry pickers, road planers and rollers.

Our experience of Kosran has always been a very efficient service, quick to fit and reliable.

Yours sincerely

D. B. COPPARD.
Director.
